

Gourd Graphic Natural	Gourd Graphic Crafted	African Warty Gourd	46
 A photograph showing two African Warty Gourds. The gourds are pear-shaped and covered in numerous large, dark, raised warts. They are resting on a white surface with a grid pattern.		<p>Lagenaria Siceraria (White Flowered) A somewhat pear-shaped gourd covered with large warts over most of the surface. They make good birdhouses or nesting material holders. Sizes range from 8" to 9" tall and 5"+ in diameter.</p>
